Introduction:-

Expo Riva Schuh, Garda, Italy launched its historic 80th edition during 15th – 18th June, 2013 at Riva del Garda. The fair is held twice in a year i.e. in the month of Jan. and June. This fair is today’s leading international exhibition for volume production footwear at a mid-range price point and a meeting place for international business where companies and buyers from around the world meet and interact.

It is Europe’s most important event for this market segment. There are companies from Italy and Europe in the fair, as well as the increasingly important presence of companies from India, China, and Brazil - the world leaders in footwear production.

Expo Riva Schuh is the first event in the international fair calendar. This means visitors get a thorough preview of offerings and can plan orders well in advance. For exhibitors, it represents the first opportunity to test out collections and fine-tune production plans. Expo Riva Schuh is also the last event in the ordering calendar for quick production and restocking options. This innovative feature is designed for those fair visitors – approximately 35% of those in attendance - interested in restocking options or new models for the upcoming season. This feature actually serves a two-fold purpose; it also makes Expo Riva Schuh an excellent opportunity to identify international market trends and shifts, a real added value.

Inauguration: Expo Riva Schuh had blow out 80 candles to celebrate this important landmark of 80th edition by taking a look at the history of the event, yet without ever losing sight of the challenges of the future. The fair was formally inaugurated by President of Riva del Garda Fierecongressi, Roberto Pellegrini & Mayor of Riva Del Garda.

The flow of potential buyers in India Pavilion was good during all the fair days and information kits were distributed to them.

**Business Outcome:** During the fair, Spot Orders booked was to the tune of €18,63,000 and Expected order were booked for €2,05,08,000 approx. as per the feedback received from the member-participants.

**Conclusion:** Europe is the main market for Indian Footwear manufacturer – exporters and Italy is one of the important centres. Expo Riva Schuh Fair, Garda provides an ideal platform to the Indian Footwear Industry to showcase their products and explore business. The continuous increase in the area of participants reveals the keenness to participate in the event. We should hence continue our participation with full of our strength by way of increase of exhibition area in the coming editions.
