Brief History

The footwear division was started in 2009 at Gurgaon the I.T. hub of India. With its commitment towards quality & timely execution of orders it has slowly got a foothold in exports. With continuous modernization & emphasis on R&D what started as a small unit has now grown into 3 cemented lines state-of-the art factory with a capacity of 2000 pairs/day i.e. 50,000 pairs/month. All the production is done in-house on mechanized conveyors with modern Italian m/c. Our footwear is exported to 10 different countries & over 16 well known international brands. We specialize in ladies footwear including, boots, shoes, court shoes & sandals. Our in-house R & D facility is fully equipped to meet global demands & is constantly churning out new designs every day in line with latest fashion trends. The company pays special emphasis to environmental & health aspects of manufacturing process & we are SA 8000 certified. All our final products meet the 'REACH' norm achieved by virtue of stringent lab testing procedures since procurement of the raw materials. We also have design collaboration with leading Italian design house.

Brief History

I.A. Leather is a leading manufacturer and exporter of leather footwear and running the business successfully since last 50 years. The main motto of the company is to provide well designed product to our buyers with high quality and timely delivery. At the initial stage, we started manufacturing ladies leather sandals with European & US standard and on its success, we have expanded our range in ladies, mens & children's leather sandals, shoes & boots. We have two fully equipped manufacturing plants in Kanpur and in row to establish third factory in Agra. We appointed a highly qualified European designer for development for spring / summer as well as for autumn / winter who study the market time to time and develop high quality products accordingly. We keep on developing our collection accordingly which is well accepted in the market.

Leather Footwear

Brief History

Classic rigor, Quality materials and comfort characterize the new collection of men's shoes branded leather liners, which plays with the structures of the great craft tradition in footwear making like Goodyear Welt, San Crispino, Norwegian, Blake, Ideal combined with top quality materials. The new collection proposes a wide range of derby shoes, brogues, desert boot, ankle boots and sandals in line with fashion trends. This season, in addition to this proposal, we find a new casual line designed for a man preferring an outdoor lifestyle, who however looks for a good performance combined with comfort and style. Leather Linkers is based in Agra, India and has operated in the business of footwear for three generations. Behind the international success of this company are high standards of production, which is realized in modern production plants using cutting edge technologies and top quality materials, the collaboration with a team of designers always updated on the last fashion trends, the experience matured in international markets. Flexible and always ready to promptly react to customer's needs, Leather Linkers offers a rapid and on time service, which makes it a reliable partner. Present at the major international fairs dedicated to footwear, leather linkers will also attend Micam Shoe Event at booth M11 in Hall 4

Brief History

New Decent Footwear Industries is to serve our customer better quality and introduce latest designs in every product. Especially Goodyear Welted with customer's expectations in terms of cost and quality. Two decades of our hard work and enormous walk in footwear trade has set up our manufacturing unit turned to fully mechanize with all imported machines but we still have a long way to go. Our manufacturing processes are backed by our "WOW" factory quality without any marketing support and sourcing. We are further planning to establish sales outlets in Agra, Delhi & Noida. We are committed to supply the best quality products conforming to international standards and result is that our unit is now turned with international quality certifications. Our skilled work team fulfils a 'commitment of excellence'. This steady growth is due to customers support over the years and we proud that we are serving the Footwear Trade.

Leather Footwear

Brief History

It was 9th April, 1946 which marked the dawn of a new era in the history of Indian leather industry, it was the day when a person, meager in resources but high in ambition established a small tannery in the north city of Kanpur, With his visionary Skills and farsightedness, this austere person understood the winds of change and opted for a new venture, i.e. from family business of Trading to Manufacturing. Today, all Super Group companies owe their entire success achieved over the last 60 years to this noble soul. Mr. Choudhry Mohammad Amin and his only son Mr. Choudhry Ehsan Kareem. These two illustrious gentlemen were the grandfather and father, respectively of the Managing Director of the company Super Shoes Limited - VEQARUL AMIN. Today, he manage this state-of-the-art new leather processing (capacity: 1.5 million sq. ft. per month) and shoe manufacturing plant (capacity: 3000 prs. Per day) located in the town of Unnao at Leather Technology Park, especially developed by the state government – Uttar Pradesh .This industrial park is equipped with the most modern common effluent treatment plant with totally secured solid waste disposal site.

Leather Footwear

Brief History

Super Tannery Ltd (STL), established in 1953, started operations by processing 50 Buffalo hides per day, converting them into Vegetable Tanned Leather for shoe soles. Since then, the company, well guided by a professional approach, has marked an important name for itself in the world leather map, making it, one of the oldest and well reputed business houses of Northern India. Strong belief in value addition led the company to innovate new products by adding value to the existing ones. From the time of producing leather for shoe soles, the company's product range now includes: Leather for: Safety and Casual Footwear, Upholstery, Lining, Shoe soles, Equestrian equipment Footwear: Military, Safety, Casual and Formal, Kids Accessories: Bags, Belts, Jackets, Jewellery STL owns and operates 5 independent manufacturing facilities, producing articles of the highest quality for leading European and American brands. Employing more than 2000 people, the company has its customers in more than 40 countries. It has offices and warehouses in the United Kingdom, United Arab Emirates, Malaysia and China. STL's obsession with quality and social responsibility has led the company to achieve ISO 9001:2000, ISO 14001:2004 and SA 8000:2001 certifications. Stringent norms for procurement, processing, production and dispatch have transformed STL as one of the most reputed manufacturing entities
