Brief History :

AKI India Pvt Ltd. Is a private limited company, incorporated in the year 1994 with the object of manufacturing and export of leather and leather goods. The company started its operations in the year 1994 with that manufacturing of leather saddlery goods. After successful running of saddlery business for 13 years, the company set up its own leather footwear unit in the year 2007-08 and started manufacturing and export of leather shoes. Further in the year 2010, company decided to go in for the backward integration and planned to set up its own tannery to produce finished leather also. In this connection, AKI first purchased a running tannery in Unnao in its name and than renovated & expanded the tannery into a big and highly advanced tannery. The said company is an 100% export oriented unit and is registered as an SME. AKI India Pvt Ltd. is an **ISO 9001:2008** certified company and also **credit rated by CRISIL**. The main promoters of the company are well educated and well experienced in the field of leather. They also enjoy an excellent reputation in the domestic and overseas market. Apart from the promoters, the company is well assisted by the team of highly professionals at administration level and skilled & experienced workforce at production & supervision level.
