Leather Footwear

Brief History

I.A. Leather is a leading manufacturer and exporter of leather footwear and running the business successfully since last 50 years. The main motto of the company is to provide well designed product to our buyers with high quality and timely delivery. At the initial stage, we started manufacturing ladies leather sandals with European & US standard and on its success, we have expanded our range in ladies, mens & children's leather sandals, shoes & boots. After some time, four enthusiastic and energetic directors have joined the company to penetrate in the other part of world with our quality product. We have two fully equipped manufacturing plants in kanpur and planning to establish third factory in agra. We appointed a highly qualified designer from Europe for development for spring / summer as well as for autumn / winter who study the market time to time and develop high quality product. We keep on developing our collection accordingly which is well accepted in the market.

Leather Footwear and Footwear Products

Brief History

It was 9th April, 1946 which marked the dawn of a new era in the history of Indian leather industry, it was the day when a person, meager in resources but high in ambition established a small tannery in the north city of Kanpur, With his visionary Skills and farsightedness, this austere person understood the winds of change and opted for a new venture, i.e. from family business of Trading to Manufacturing. Today, all Super Group companies owe their entire success achieved over the last 60 years to this noble soul. Mr. Choudhry Mohammad Amin and his only son Mr. Choudhry Ehsan Kareem. These two illustrious gentlemen were the grandfather and father, respectively of the Managing Director of the company Super Shoes Limited - VEQARUL AMIN. Today, he manage this state-of-the-art new leather processing (capacity: 1.5 million sq. ft. per month) and shoe manufacturing plant (capacity: 3000 prs. Per day) located in the town of Unnao at Leather Technology Park, especially developed by the state government – Uttar Pradesh.
