### Brief history of Company:

INDIANA EXPORTS is manufacturer and exporter of Ladies Leather Sandals from India. We are registered with Council for Leather Exports sponsored by Government of India since a decade. We make handmade ladies sandals and use pure leather of different kinds like goat Kid, goat patent, goat metallic, snake print and of course buffalo. We have in our collection the latest elegant simple styles besides the traditional weaves, embroidery and hand-painted. We also have styles with metal-fittings.We introduce about 300 styles every season. We have capacity to produce about 1500 pairs par day. Our Hand-made ladies sandals have caught everyone's fancy. We exports to more than 25 countries including the fashion driven, quality obsessed ones like France, Italy, Germany and U.S.A. We work with some of the world's finest brands. We have developed an exclusive style that caters to the top end of the fashion spectrum. You can view our styles at the shows in which we participate. We regularly exhibit at various International Trade fair like Expo Riva Schuh at Italy, WSA shoes show at Las Vegas, GDS at Germany and Modacalzados in Spain.

### Brief history of Company:

**Our Motto:** Quality & Service without compromise. With great pleasure we welcome you to the 'picasso' family. We manufacture and export high quality Men's fashion shoes. We started in the early nineties as a modest enterprise. The beginning was small but with positive attitude and big dreams under the name of 'Karam Udyog' where 'Karam' means 'THE RIGHT ACTION'. True to this principle we have over the years made a reputation for ourselves for giving "value for money" product under our brand name 'picasso' Man Power & Capacity: - Today we are a modern manufacturing unit equipped with latest machineries having capacity to manufacture approximate 400000 pairs high quality shoes. Qualified technicians and supervisors are controlling and maintaining production in all process. We have a separate Planning section with highly qualified staff. We have the infra structure to procure/ import all kinds of international quality raw material whenever required. Certification:- Our company is ISO 9001 : 2000 certified and SA-8000 certified. Research & Development: - The company has an experienced and well trained project team backed by extensive in house R & D facility for undertaking all kind of projects. More over we have consultants from Italy and U.K. for new developments and maintaining quality of our shoes.

### Brief history of Company:

Manufex India is a well-established organization reputed for its consistence in quality and timely shipments. Our quality control team consists of highly dedicated and experienced professionals in the footwear industry. The process of quality control is a way of life at Manufex (India), and the manufactured products are checked by our quality controllers at every stage. We also use the system of double-checking in order to lessen the chances of human error. The final inspection is of paramount importance. Our in house research and development programme enables us to provide superior samples made under the direct supervision of experts. Manufex (India) is one of the fastest organizations in responding to the counter sample requirements of the buyers. The basis of our organization is the long standing relationship with the tanneries and suppliers of components. We also have captive units for customized mould making for different types of soles, direct access to laboratories for testing of key components and complete shoes. Workers in the factories are adults who are trained professionals and take pride in their craft.

### Annual Production Capacity

Footwear : 450,000 Pairs

### Products Displayed

Leather Footwear

### Brief history of Company:

The company has established itself as one of the most stalwart, quality conscious and avant-garde footwear companies in the Indian economy today. Headquartered in New Delhi, India, it maintains a fine combination of comfort, style, and workmanship and is embarking upon appreciable growth plans for the future. The company began as a small enterprise in the year 1976 and was officially incorporated in 1984 and further went into public listing in 1995. Today, the company manufactures over 3 lakh pairs of footwear per day, which approximately adds up to over 10 million pairs per year. Each pair is given through attention by the dedicated and skilled employees working at the 10 state-of-the art manufacturing units in Northern India. Thus, it is no small wonder that the annual turnover has multiplied 2.4 times in the last 3 years from Rs. 305 crore in 2007-08 to a whopping Rs.550 crore in 2009-10. What's more, with over 30 years of experience and 100 million satisfied customers, Relaxo keenly looks forward to achieving an estimated annual turnover of Rs.1000 crore by the year 2012.

### Brief history of Company:

Sumanglam Impex Pvt Ltd founded: In 1988 Sumanglam Impex was founded by Shri Satish Jindal with the motive of exporting leather footwear and accessories to the European market out of India. In the following years, the company continued to grow as an Export House, which involved design and quality control of the goods. During these years, the company specialised in leather footwear and set up its own manufacturing unit of hand-made shoes. A major extension came in the form of direct injection plant from main group, at Faridabad in the year 1998. Ever since, the company continued to export into Europe with a consistent rise in its quality standards. To fulfill the rising demand, the company was relocated to a new facility in Bahadurgarh (outside Delhi, India) in the year 2009, which became fully functional in the month of April. The company focussed its goal to producing high value products as it tapped high standards of quality and design skills. It is now dealing with major European fashion brands for high street fashion footwear.

Mr. Pukit Jindal  
Director
