MESSAGE

The India leather & leather products industry including footwear, has been a consistent foreign exchange earner for the country and more significantly an important employment provider. It is a matter of pride for the Ministry of Micro, Small and Medium Enterprises MSME that this industry which is providing valuable service to the nation, is concentrated in the Small & Medium segment

It is heartening to note that the Council for Leather Exports, in its role as the nodal agency for the international promotion of the sector; is carrying a number of export marketing activities by organizing group participation of the CLE member-companies in Fairs, Buyer & Seller Meets abroad. As part of the CLE's marketing program for the year 2011-12, it has been proposed to organise participation of their member companies from the Micro/Small & Medium segment in a reputed fair like the Global Shoes Fair, Sep' 7-9 2011, in an important market like Germany.

The Ministry of MSME is appreciative of the efforts of the CLE to enhance the international profile of its member companies and create opportunities for them to market their products to discerning global customers. The International Cooperation Scheme of the Ministry of MSME has been formulated with the aim to support Indian exporters from Micro / Small/ Medium enterprises in their bid to become globally competitive by exhibiting in important international fairs, meeting customers and benefiting from interacting with other global players at international forums.

We are happy to note that CLE member companies are participating in the Global Shoes fair, Germany in Sep 2011 which also includes MSME segment. With Germany itself being a major market and is a part of the EU, which accounts for an overwhelming 70% of India's footwear exports, it is expected that the participation of these enterprises from the MSME segment will enable them enhance their exports.

The Ministry of MSME is very happy to be supporting the international marketing efforts from the leather & footwear sector under the International Co-operation Scheme. I wish the CLE and all the participating companies a fruitful participation in the Global Shoes Fair at Dusseldorf, Germany.

With Best Wishes

Amarendra Sinha
Joint Secretary
Ministry of Micro, Small & Medium Enterprises (MSME)
Govt. of India

MESSAGE

Germany is the second largest global importer of footwear at US\$ 6037.73 mn and has a share of 8% in global footwear imports. Also vitally, Germany is also the second largest importer of Footwear from India and hence is a very important market for Indian footwear. India's export of different categories of footwear to Germany has increased from US\$ 170.97 mn in 2005-06 to US\$ 279.80 mn in 2010-11 at a CAGR of 10.35%.

The EU is a major global market for Footwear and has a share of about 48% in global footwear import trade of US\$ 77360.60 million. The European Union is also the largest market for Indian footwear. India's export of Footwear to the EU has touched US\$ 1370.86 million in 2010-11 accounting for a share of close to 80% in India's total footwear export of US\$ 1732.04 million. India's export of Footwear to the EU has grown from US\$ 798.10 million in 2005-06 to US\$ 1370.86 million in 2010-11 at a CAGR of 11.42%..

In this background, I am happy to note that the Council is organizing Group Participation of 6 member companies in the Global Shoes Fair, Sep' 7-9 2011. The GLOBAL SHOES Fair, Dusseldorf, Germany is a renowned event for promoting shoe business and is a leading trade show for sourcing in international footwear trade.

I am particularly happy that 5 of the participating companies are from the Micro, Small & Medium segments, and that their participation is being supported by the Ministry of Micro, Small & Medium Enterprises (MSME). The Council is the 'lead organizer' of the MSME member companies' participation in the Global Shoes Fair, Germany. The Council is thankful to the Ministry of MSME for this support to the CLE and its member companies, which will go a long way towards enabling the companies to present their products to customers from all over the EU in this popular international footwear fair in Germany.

I wish the Council and all the six participating CLE member companies a very fruitful participation in the September 2011 edition of the Global Shoes Fair, Dusseldorf-Germany.

With Best Wishes

Future Outlook:

The Government of India has identified the Leather Sector as a Focus Sector in its Foreign Trade Policy in view of its immense potential for export growth prospects and employment generation. Accordingly, the Government is also implementing various Special Focus Initiatives under the Foreign Trade Policy for the growth of leather sector. With the implementation of various industrial developmental programmes as well as export promotional activities; and keeping in view the past performance, and industry's inherent strengths of skilled manpower, innovative technology, increasing industry compliance to international environmental standards, and dedicated support of the allied industries, the Indian leather industry aims to augment the production, thereby enhance export to US\$ 9.00 bn by 2013-14, and resultantly create additional employment opportunities for overall one million people.

Indian Footwear Industry – A Status Note

The footwear sector is a very significant segment of the leather industry in India; rather it is the engine of growth for the entire Indian leather industry.

India is the second largest global producer of footwear after China, accounting for 13% of global footwear production of 16 billion pairs. India produces 2065 million pairs of different categories of footwear (leather footwear - 909 million pairs, leather shoe uppers - 100 million pairs and non-leather footwear - 1056 million pairs). India exports about 115 million pairs. Thus, nearly 95% of its production goes to meet its own domestic demand.

The major production centers in India are Chennai, Ranipet, Ambur in Tamil Nadu, Mumbai in Maharashtra, Kanpur in U.P., Jalandhar in Punjab, Agra, Delhi, Karnal, Ludhiana, Sonapat, Faridabad, Pune, Kolkata, Calicut and Ernakulam. About 1.10 million are engaged in the footwear manufacturing industry.

Footwear exported from India are Dress Shoes, Casuals, Moccasins, Sport Shoes, Horrowies, Sandals, Ballerinas, Boots, Sandals and Chappals made of rubber, plastic, P.V.C. and other materials.

US Retail giant Wal-Mart has also begun sourcing footwear from India since the last two years.

The Footwear sector is now de-licensed and de-reserved, paving the way for expansion of capacities on modern lines with state-of-the-art machinery. To further assist this process, the Government has permitted 100% Foreign Direct Investment through the automatic route for the footwear sector.

Conducive Investment climate towards attracting overseas investments and increasing cost competitiveness.

The Government of India is setting up dedicated Footwear Complex and Footwear Components Parks where footwear clusters are located.

There has been active interest in collaborating with Indian Footwear companies from European countries like Italy, Spain and Portugal.

Footwear – Global Scenario and India’s share

The global import of Footwear (both made of leather as well as non-leather) increased from US\$ 67.15 billion in 2005 to US\$ 77.36 billion in 2009, growing at a CAGR of 3.60%. During 2009, the India’s share in the global import is 1.95%.
