Goat leather for Ski gloves, Goat leather for Motorcycle gloves.

Brief History :

Almighty International was started in the year 2008 by three technocrats with more than two decades of experience as finished leather tanners and exporters. The main objective of this professional team is manufacturing quality finished leather for gloves as per the latest trend and fashion with collective efforts and co operation. Our QC department regularly checks each consignment to fulfill all the norms as per buyer's specifications and we maintain the delivery schedules following merchandising system to our customer's highest satisfaction. The company has earned a good reputation in the global market for the consistent quality of its super soft cabretta leather. The company operates state-of-art tanneries on lease basis, well equipped with machineries that are both indigenous and imported. It has come a long way since its humble beginning eight years ago, thanks to the Almighty for the constant growth.
