### Brief History

I would like to take this opportunity to introduce you with our Company (Array Fashions Pvt. Ltd.) who has been a leader in the market of riding boots all over the world for more than seven years now. We are a sister concern of a well established company named as Asian Exports Pvt. Ltd. who excel in the field of Equestrian products for more than 26 years. What distinguishes Array Fashions from other riding boot manufacturers is the time and effort we dedicate to understand our business partner's need and our proven ability to work professionally and efficiently. In today's time we feel honored that we have and are continuously manufacturing and supplying to almost all the major brands and have reached to the zenith in the field of riding boots. Now, in order to expand our product line we have recently entered into the fashion boot business. Currently, we mainly focus on tall fashion boot for ladies but have serious plans to go in for men's and children footwear as well

### Brief History

U.V.Overseas is an expansionary venture of Rolta shoe factory lead by visionary Mr.Dheeraj Guwalani and Utsav Dang.It is a step towards catering to the elite consumer in highly organized manner. Our unit in Agra spreads over 50,000 sq ft and to its optimum our unit can produce 20,000 Pairs a month excluding the sub controlled capacities. Maximize output by following the management policy of efficiency i.e, right man for the right job and process segregation. Our team is well experienced and resourceful with regard to domestic and international sourcing. As we are placed in the heart of one of the biggest footwear manufacturing hubs of the world. We are exceedingly competitive in development and sourcing at a global level. Each pair is examined carefully by skilled professional at every stage we have a quality learn reporting directly to our company head. We are ISO 9001 and 14001 certified where we fulfill obligations towards the environment and each process either administrative or operative is quality certified, predefined and according to protocol. Vertically integrated ERP systems help in managing all aspects of operations in the almost efficient manner.
