MESSAGE

Russia is the 9th largest importer of leather & leather products in the world. Russia's import of leather & leather products increased from US\$ 3295.94 million in 2008 to US\$ 4761.02 million in 2012, growing at a CAGR of 9.63%.

The former USSR had once been a prime destination for Indian leather products. During the late 1980's, nearly twenty percent of Indian leather and leather products export, was finding its way to the USSR. After the USSR's disintegration in 1991, the trade between India and erstwhile USSR region had a serious setback. The Russian economy which had slowed down in the initial years after the disintegration of USSR, has since recovered significantly. This is also reflected in the surging Russian imports of leather and leather products in recent decades – growing from a very modest US\$ 326.46 million in 2001 to over US\$ 4750 million in 2012

India's exports of leather & leather products to Russia has increased from US\$ 12.01 mn in 2008-09 to US\$ 51.57 mn in 2013-14 growing at a CAGR of 33.83%. Out of Russia's total leather sector import trade, India presently accounts for a share of just about 0.60%. Hence, Russia is a market which offers excellent potential for increasing our exports and market share.

It is considering the huge untapped potential in Russia for Indian Leather Products & Footwear that the Council is organizing the "Group Participation" of a large number of 30 member-companies in the FIEO Indian Show. I congratulate the Federation of Indian Exporting Organisations (FIEO) for planning and implementing the multi-product 'India Show' at which the strength of several industrial sectors of the country will be showcased. The Council is also very grateful to the Indian Embassy, Moscow and Indian Ambassador to Russia, His Excellency Shri P.S. Raghavan for his valuable support and advice on important aspects vis-à-vis the Russian market.

I wish all the participating member-companies of CLE and other Indian Exporters at the event too; a very successful India Show, Moscow-Russia, September 24-26, 2014 .

Rajendra K Jalan

Chairman

Council for Leather Exports, India

Leather Industry – Overview, Export Performance and Prospects

- The Leather Industry holds a prominent place in the Indian economy. This sector is known for its consistency in high export earnings and it is among the top ten foreign exchange earners for the country.
- With an annual turnover of over US\$ 11 billion, the export of leather and leather products increased manifold over the past decades and touched US\$ 5.91 billion during 2013-14, recording a cumulative annual growth rate of about 14.77% (5 years).
- The Leather industry is bestowed with an affluence of raw materials as India is endowed with 21% of world cattle & buffalo and 11% of world goat & sheep population. Added to this are the strengths of skilled manpower, innovative technology, increasing industry compliance to international environmental standards, and the dedicated support of the allied industries.
- The leather industry is an employment intensive sector, providing job to about 2.5 million people, mostly from the weaker sections of the society. Women employment is predominant in leather products sector with about 30% share.
- India is the second largest producer of footwear and leather garments in the world.
- The major production centers for leather and leather products in India are located in Tamil Nadu - Chennai, Ambur, Ranipet,

Vaniyambadi, Vellore, Pernambut, Trichy, Dindigul and Erode ; West Bengal – Kolkata ; Uttar Pradesh – Kanpur, Agra, Noida, Saharanpur; Maharashtra – Mumbai ; Punjab – Jalandhar ; Karnataka – Bangalore; Andhra Pradesh - Hyderabad ; Haryana - Ambala, Gurgaon, Panchkula, Karnal and Faridabad; Delhi; Madhya Pradesh – Dewas ; Kerala – Calicut and Ernakulam / Cochin

Strengths of Indian leather sector

- Own raw material source – 2 billion sq ft of leather produced annually
- Some varieties of goat / calf / sheep skins command premium position
- Strong and eco-sustainable tanning base
- Modernized manufacturing units
- Trained / skilled manpower at competitive wage levels
- World-class institutional support for Design & Product Development, HRD and R & D.
- Presence of support industries like leather chemicals and finishing auxiliaries
- Presence in major markets – Long Europe experience
- Strategic location in the Asian landmass

Emerging strengths

- Design development initiatives by institutions and individuals
- Continuous modernization and technology upgradation
- Economic size of manufacturing units

- Constant human resource development programme to enhance productivity
- Increasing use of quality components
- Shorter prototype development time
- Delivery compliance
- Growing domestic market for footwear and leather articles

Highlights of Leather Product Segments :

- **Tanning Sector** – Annual production 2 billion Sq.ft. Accounts for 10% of world leather requirement. Indian colors continuously being selected at the MODEUROPE Congress
- **Footwear Sector** – Second largest footwear producer after China. Annual Production 2065 million pairs. Huge domestic retail market 1950 million pairs (95%) are sold in domestic market. Footwear export accounts for 42.83% share in India's total leather & leather products export. The Footwear product mix Gents 54%, Ladies 37% and Children 9%
- **Leather Garments Sector** – Second largest producer with annual production capacity of 16 million pieces. Third largest global exporter. Accounts for 10.09% share of India's total leather export
- **Leather Goods & Accessories Sector including Saddlery & Harness** – Fifth largest global exporter. Annual production capacity – 63 million pieces of leather articles, 52 million pairs of Industrial gloves & 12.50 million pieces of Harness & Saddlery items. Accounts for 25.34% share of India's total export

ABOUT COUNCIL FOR LEATHER EXPORTS

The Council for Leather Exports (CLE) was set up in July 1984. A non profit company registered under the Indian Companies Act 1956, the CLE functions as an autonomous organization under the aegis of Ministry of Commerce & Industry, Government of India. The CLE is the notified Export Promotion Council for Leather & Leather Products namely Leather tanning, Leather Footwear, non-Leather Footwear, Leather garments, Leather goods & accessories, gloves, harness & saddlery products etc. The CLE is an apex body of the strong and rapidly growing Indian Leather & Leather products industry committed towards its overall development and export growth.

The CLE is headquartered at Chennai, with Regional Offices at New Delhi, Chennai, Kanpur, Kolkata & Mumbai. In addition, CLE has two Extension Offices - one at Agra and another at Jalandhar.

CLE'S CORE OBJECTIVES :

- ♦ Develop the Leather Industry both industrial development as well as export growth.
- ♦ Undertake Promotional activities to increase global outreach of Indian Leather products.
- ♦ Assisting importers anywhere in the world towards their sourcing needs of Leather & Leather products.
- ♦ Providing necessary information and guidance to overseas investors towards joint venture collaborations and other strategic alliances.
- ♦ Be a single point contact for the national & overseas business community and organizations, on any aspect in relation to the Leather.

CLE's Activities :

- ♦ Dissemination of market information, trends, policy matters and publishing information on commercial, technical and technological developments in the Indian Leather industry.
- ♦ Participating in major international trade fairs & specialized trade shows across the globe.
- ♦ Organizing Buyer-Seller Meets and Road Shows abroad besides B2B meetings in overseas countries.
- ♦ Promoting, facilitating & attracting Joint Ventures, technical collaborations & strategic alliances, FDIs etc in to the Indian Leather Sector.
- ♦ Inviting Resource persons/ Experts to the Trade Fairs, Seminars & Workshops held in India, for exchange of information, knowledge, ideas and strategies.
- ♦ Collaboration with specific international projects to build capacities and increase trade between the countries involved in the projects.
- ♦ Mooting Delegations to overseas countries with a view to identify the sources for raw materials.
- ♦ Perform the Facilitation and coordination activities to wards implementation of Indian Leather Development Programme of Govt. of India.
- ♦ Serving as a vital link between the Government and the industry members, while focusing on the overall growth of the Indian Leather industry.
