28th June, 2018

To: All Members of the CLE

Dear Sirs,

Sub: Secondary Skill Upgradation Training for existing workforce under HRD sub-scheme of IFLADP 2017-2020 - Implementation Agencies approved by Government of India

As you are aware, one of the sub-schemes of the Indian Footwear, Leather & Accessories Development programme (IFLADP) is Human Resource Development (HRD) Scheme. One of the component of the HRD is to upgrade the skills of the existing workforce which would lead to improvement in production as well as quality and to expose the workers to better manufacturing processes etc. The Secondary Skill upgradation would cover skill upgradation training of existing employees at the shop-floor operations in both organized and unorganized sector of the footwear, leather & accessories industry and would also include on-site training. The training duration should be at least for 2 weeks. The funding support under HRD Scheme would be limited to Rs.5,000/- per trainee or as per actuals whichever is less, and the remaining expenses will be taken care of by the concerned industry.

In this context, Department of Industrial Policy & promotion, Government of India has approved the allotment of Secondary Skill upgradation training of existing workforce to the following 3 agencies and assigned targets to them for conducting the training as per the requirements of the industry. Interested units which are in need of skill upgradation training for their existing workforce in shopfloor may approach anyone of the above approved agencies and intimate the training requirement for their workforce. A typical format is attached herewith for your guidance. The requirement may be prepared in the letter head of the company along with List of candidates (trainees) and the same may be scanned and send as an email attachment to the DIPP and anyone of the above agencies under copy to CLE.

The CLE would request you to do the needful in the matter and make use of the funding support provided by the Government of India for Human Resources Development (HRD) in the Footwear, Leather & Accessories sectors.

With warm regards,

Yours sincerely,
