Brief History (of your company with in 100 words)	In 2015 our company was founded in Kolkata, India. We have been able to create a thriving industry based on smart production techniques using a combination of both machine and handcraft. Apart from procuring leather across India, we also import from Bangladesh, Italy and Thailand, which fulfils our entire requirement of leathers and reduces our dependency on leather suppliers, giving us an edge over competitors by having exclusive leather variety. Leather the basic raw material is tested against harmful chemicals while tanning. We strictly use eco-friendly chemicals. Quality is the key word hence to maintain quality every time we retain all our craftsmen.
