ALPINE
estd. 1986

ALPINE APPARELS PVT. LTD

Established in 1986, Alpine's integrated design & manufacturing set up is geared to cater to the most discerning buyers of fine leather goods & accessories.

The company's business structure is based on manufacture and export of a complete range of fashion goods from leather handbags, belts, small leather products and lifestyle accessories. Its client repertoire includes some of the most celebrated luxury labels, fashion retail stores, high-street and premium brands across the world. Alpine Apparels is recognized by the Government of India as a Star Export House. Corroborating its excellence of quality and service are the various awards for performance that Alpine Apparels has been honored with including those from prestigious industry bodies such as the Federation of Indian Export Organisations and the governments of India and Haryana.

The company is broadly divided into two divisions- luxury and premium. The luxury segment consists of two production units dedicated exclusively for manufacturing handbags and small leather goods for an Italian luxury fashion house. The premium division caters to various other brands across geographies. In the USA, Alpine Apparels supplies its superlative products to brands such as John Varvatos, Ralph Lauren, Tory Burch, Frye, Sam Edelman, Vince Camuto and Lucky Brand amongst others. In Europe and the United Kingdom, its customer roster features prestigious names such as Mandarin Duck, All Saints, Anthropologie and Diesel. The company also has a dedicated unit producing wallets for a premium Australian brand.

The company was founded by Mr. Sanjay Leekha in 1986, with a small team of four, producing only leather gloves to be supplied to the USA. Over the last three decades, under Mr. Leekha's aegis, the company has grown manifold, both in terms of the team strength and the infrastructure. With a strong commitment to fair employment practices, it has on its payrolls a vibrant set of 1,500 skilled workers. Our turnover for the year 2020-21 was USD 35 million.

Alpine sources a large range of fine leathers from across the globe including Italy, South America, Australia, Ethiopia, the Middle East and India, and from its captive tanneries, with the expertise to handle leathers of various origins. Leathers are tanned, both with traditional and modern tanning techniques including advanced surface treatment techniques like hand padding, washing, distressing, and dip dyeing. A large range of hardware - belt buckles, fittings, ornaments, bag buckles, locks etc are sourced from the finest suppliers of the Far East, Italy and India. Alpine works with all kinds of fabrics and synthetic materials sourced locally from India and from the Far East and Italy. We use innovative methods of surface treatment as inputs in our design besides using different constructional techniques.

Alpine Apparels takes pride in its ethical and professional work culture. It conforms diligently to all legal stipulations as mandated by the Government of India including social compliances to provide the entire ambit of statutory benefits to its work force.

The company has dedicated divisions for leather gloves, handbags, belts, caps and small leather goods. Alpine also has a separate production facility for sports shoes producing for some of the best brands in the world.

The state-of-the-art production facilities are spread over 250,000 square feet of covered area and encompass the cutting-edge specialised machinery. Stringent quality checks and exacting standards of production are what have helped us garner the trust of the most reputed fashion brands in the world.

INTELIKRAFT IMPEX LLP

INTELIKRAFT *Impex* LLP

Intelikraft Impex is an Indian company formed in 2014. The company manufactures mid to high-end leather goods for international brands. We are one of the pioneers of leather goods manufacturing in the country. The company was formed with the view to combine the technical expertise, craftsmanship, along with the advantages of ample source of raw materials and competitive labour force. The factory is also involved in production for other brands based in Australia, Germany, and Netherlands. The organisational objective is to manufacture and export high quality leather products at the best

possible price, while providing an integrated sourcing solution. The current four-storied production plant occupies a space of 30,000 sq ft in Kolkata, India, and employs 150 workers, with an installed production capacity of 240k bags and 500k small leather goods per year. Additionally, the factory has a competent Sample team and a dynamic Business Promotion team who provide complete merchandising solutions. The production facility is fully compliant according to international building code standards & regulations. The majority of the leather procured is from Indian sub-continent, Italy, Thailand and Bangladesh. A customer focused outlook coupled with a dedicated and skilled team of professionals, along with an in house designer team, which has enabled the company to achieve a prestigious position in the industry today. The company owns a globally registered brand named, SAVAGE HIDE. Intelikraft Impex means quality & timely shipment, which is the company's motto. Our final goal is to build a long term, lasting relationship with the customer. The vision for Intelikraft Impex is to grow sustainably and to be known internationally for its outstanding quality and service.

“I believe that a wolf demonstrates a distinctive relationship to successful leadership in the world of business today, and if you too believe in what we believe, then you too would be successful.”

JAMA CORPORATION PVT. LTD.

JAMA Corporation Private Limited (JCPL, formerly known as MKJ Footwear Private Limited) was established in 1966 as a contract manufacturer for Acme Boot Company in USA. Thereafter, being incorporated as a Company registered in India on 17/11/1988 under the Companies Act, 1956; In 1994, JAMA established its own brand name in the USA, 'OLD WEST'. Old West is now a brand name well recognised in the western boot market world over. JAMA is a 100% Export Oriented Unit on its own merit and has three well-equipped state-of-the-art manufacturing units employing approximately 1000 persons with Branch Offices in United States of America, Canada and Germany.

Keeping in view the increasing demand of safety shoes world over, JAMA has now set up a plant for manufacturing Single Density & Double-Density PU Moulded Safety Footwear. JAMA has a wide variety of safety footwear, ranging from categories S1 to S3. The company uses only the finest quality raw material for the production of its safety footwear enhancing product life.

The safety shoes offer features such as Oil & Fuel Resistance, Slip Resistance, 200 Joules Toe Protection, Anti-Puncture & Electrical resistance to name a few making it suitable for a wide-variety of work environments such as construction, mining, oil refining and many more. JAMA's safety shoes not only provide excellent protection to the wearer's feet but also offer a unique combination of comfort and style, making them practical for every-day use. JAMA has also set up a BIS compliant Safety Shoe Testing Laboratory. All safety shoes manufactured by JAMA are in compliance with EN ISO 20345:2011 & IS 15298:2016 Part-2 standards.

JAMA has its own state-of-the-art Beamhouse and Leather Finishing Unit ensuring consistent and top quality leather for its shoes. All leathers manufactured are REACH compliant. The company has a fully equipped in-house testing lab to carry out the necessary physical and chemical tests on wet blue and finished leather.

Both the tanneries are equipped with a 'Zero Liquid Discharge' (ZLD) Effluent Treatment Plant and Reverse-Osmosis (RO). In order to conserve water, the tanneries recycle about 70 – 80% of water, hence reducing water consumption. JAMA has obtained BIS Certification for its Single Density PU and Double Density PU Shoes for Design Classifications A, B & C. CM/L Number: 9300084113.

JAMA also has been successfully audited against LWG (Leather Working Group) Standards and is an **ISO 9001:2015, 14001:2015, 450001:2018 (OH&S) & SA 8000:2014** certified company. Recently we have also succeeded in obtaining the AEO T2 Certificate issued by the Central Board of Indirect taxes and Customs.

Email : vikaspoddar009@gmail.com
Website : www.carbonfootwear.com

CARBONFOOTWEAR, JAIPUR

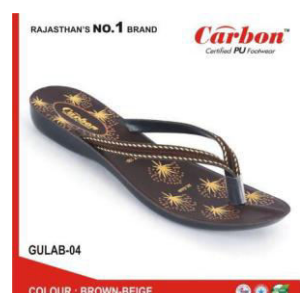

It would not be wrong to say that footwear is part of our body, a part that walks miles with us on any given surface, a part that jumps with us, moves, breathes, and lives with our body. This important part of our body can't just be another footwear; it needs to be something that compliments your being with its combination of quality, craft and comfort, and we at 'Carbon Footwear' work with the sole aim of delivering that perfect combination of quality, craft, and comfort.

Today, Carbon Footwear is one of the biggest manufacturers in the country with a production capacity of 1 lakh pairs per day. We produce a wide variety of footwear with adequate material, technology, machinery, and skilled workforce (graphically showing the types of material used and types of footwear made, for example - Material - RUBBER, PVC, PU, EVA, TPR, pylon). Carbon Footwear believes in producing products that are affordable and also provide the appropriate value for money. With our extensive size range of comfortable, durable, and stylish footwear, we are steadily becoming a preferred brand in Indian households.

At Carbon Footwear, we never compromise with quality in any dimension, be it raw materials, designs or the manufacturing process. The market segment of quality affordable footwears is endless and it is great to see that we are becoming one of the market leaders in this segment.

Now let's take you to the journey of our footwear, that how from raw material it ends up becoming a part of your body. This journey starts at our manufacturing unit, which is established over an area of three lakh square feet. Carbon Footwear is ISO 9001- and ISO 14001 certified manufacturer and exporter for the footwear industry. We are equipped with the latest and finest in class machinery and equipment, and we keep on updating them according to international standards. The whole process of turning the raw material into a final product is looked at closely by our quality control department. Our product range includes a wide variety of products in wide size ranges. (types of footwear ranges shown in graphic includes men, women, kids, etc). Carbon's products are available on all major online shopping portals, and it is performing great on these platforms with positive reviews from the customers. (graphics - online portals picture, review pictures).

Customer satisfaction is our prime focus because I believe that a satisfied customer attracts more possible customers and our successful relationship with our customers proves that. Carbon Footwear is not just about footwear, it's also about its customers' trust and its people's hard work.

SALUZA EXPORTS

Established in the year 1994, **SALUZA EXPORTS**, an ISO 9001:2015 certified company is a professionally managed and 100% result oriented unit having skilled laborers and modern technology. With an intense blend of hard work and passion we tend to create art which is reflected through in our products. Our main focus has always been building and maintaining a long lasting –good relation with our clients .Our very best and traditional fine leather goods, craftsmanship and selected raw materials have contributed in creating a promising label for us. From beginning to create all sorts of variations we believe in dynamicity. Starting with the production of wallets in the year 1994 we moved on to setting up a footwear production unit in Agra, India recently. Having all highly efficient machinery imported from Spain, our company aims at large scale production along with trying our level best to touch perfection. Consumer satisfaction and employee satisfaction has always been one of our major concerns and we do hope that we are always able to put forward the best of our facilities. Together we have it all.
