Established in 1986, Alpine’s integrated design & manufacturing set up is geared to cater to the most discerning buyers of fine leather goods & accessories.

The company’s business structure is based on manufacture and export of a complete range of fashion goods from leather handbags, belts, small leather products and lifestyle accessories. Its client repertoire includes some of the most celebrated luxury labels, fashion retail stores, high-street and premium brands across the world. Alpine Apparels is recognized by the Government of India as a Star Export House. Corroborating its excellence of quality and service are the various awards for performance that Alpine Apparels has been honored with including those from prestigious industry bodies such as the Federation of Indian Export Organisations and the governments of India and Haryana.

The company is broadly divided into two divisions - luxury and premium. The luxury segment consists of two production units dedicated exclusively for manufacturing handbags and small leather goods for an Italian luxury fashion house. The premium division caters to various other brands across geographies. In the USA, Alpine Apparels supplies its superlative products to brands such as John Varvatos, Ralph Lauren, Tory Burch, Frye, Sam Edelman, Vince Camuto and Lucky Brand amongst others. In Europe and the United Kingdom, its customer roster features prestigious names such as Mandarina Duck, All Saints, Anthropologie and Diesel. The company also has a dedicated unit producing wallets for a premium Australian brand.

The company was founded by Mr. Sanjay Leekha in 1986, with a small team of four, producing only leather gloves to be supplied to the USA. Over the last three decades, under Mr. Leekha’s aegis, the company has grown manifold, both in terms of the team strength and the infrastructure. With a strong commitment to fair employment practices, it has on its payrolls a vibrant set of 1,500 skilled workers. Our turnover for the year 2020-21 was USD 35 million.

Alpine sources a large range of fine leathers from across the globe including Italy, South America, Australia, Ethiopia, the Middle East and India, and from its captive tanneries, with the expertise to handle leathers of various origins. Leathers are tanned, both with traditional and modern tanning techniques including advanced surface treatment techniques like hand padding, washing, distressing, and dip dying. A large range of hardware - belt buckles, fittings, ornaments, bag buckles, locks etc are sourced from the finest suppliers of the Far East, Italy and India. Alpine works with all kinds of fabrics and synthetic materials sourced locally from India and from the Far East and Italy. We use innovative methods of surface treatment as inputs in our design besides using different constructional techniques.

Alpine Apparels takes pride in its ethical and professional work culture. It conforms diligently to all legal stipulations as mandated by the Government of India including social compliances to provide the entire ambit of statutory benefits to its work force.

The company has dedicated divisions for leather gloves, handbags, belts, caps and small leather goods. Alpine also has a separate production facility for sports shoes producing for some of the best brands in the world.

The state-of-the-art production facilities are spread over 250,000 square feet of covered area and encompass the cutting-edge specialised machinery. Stringent quality checks and exacting standards of production are what have helped us garner the trust of the most reputed fashion brands in the world.

Edcons was born with the concept of Glocal - Act Locally, think Globally - to bring to its customers the World Class Designs with the Robust Industrial Engineering at Best Prices in the shortest possible time frame, with the guaranteed After Sales Service. Edcons was established in 1995 as a product developer of leather goods and accessories, operating from a workplace of 100 sq.ft., with 4 workers. With 25 years of perseverance, Edcons developed into a team of 900 craftsmen operating from 200,000 sq.ft. factory, equipped with Modern Infrastructure to enabling scale up of approved Specifications, Consistent Quality delivered On Time at Best Prices. Currently a Government of India Recognized ‘Star Export House’, achiever of several National Awards, Edcons has the experience and expertise of handling several Global Brands across various Market Segments. This, Edcons treasures, as much as the customers of Edcons do.

Aligning with the vision of Founder Director, Rana Dey, Edcons developed the concept of Glocal, ‘to act Locally and think Globally’ by combining the best capabilities of specific geographical locations, to guarantee modern product of high quality at competitive prices.

From the Global fashion hub of Milano, Edcons Italia creates design analysing latest trends. Italy’s dexterity in Industrial Engineering is scaled up in bulk quantities in the skill hub of Bengal, India.

With the support of Edcons Italia in Milano and our association with Edit Consultancy LLC, New York, Edcons strengthens its commitments of marketing, sales, and service to its customers in the Western World, respecting the value of time.

Intelikraft Impex is an Indian company formed in 2014. The company manufactures mid to high-end leather goods for international brands. We are one of the pioneers of leather goods manufacturing in the country. The company was formed with the view to combine the technical expertise, craftsmanship, along with the advantages of ample source of raw materials and competitive labour force. The factory is also involved in production for other brands based in Australia, Germany, and Netherlands. The organisational objective is to manufacture and export high quality leather products at the best possible price, while providing an integrated sourcing solution. The current four-storied production plant occupies a space of 30,000 sq ft in Kolkata, India, and employs 150 workers, with an installed production capacity of 240k bags and 500k small leather goods per year. Additionally, the factory has a competent Sample team and a dynamic Business Promotion team who provide complete merchandising solutions. The production facility is fully compliant according to international building code standards & regulations. The majority of the leather procured is from Indian sub-continent, Italy, Thailand and Bangladesh. A customer focused outlook coupled with a dedicated and skilled team of professionals, along with an in house designer team, which has enabled the company to achieve a prestigious position in the industry today. The company owns a globally registered brand named, SAVAGE HIDE. Intelikraft Impex means quality & timely shipment, which is the company’s motto. Our final goal is to build a long term, lasting relationship with the customer. The vision for Intelikraft Impex is to grow sustainably and to be known internationally for its outstanding quality and service.

“I believe that a wolf demonstrates a distinctive relationship to successful leadership in the world of business today, and if you too believe in what we believe, then you too would be successful.”
Amit Dasgupta,
Partner of Intelikraft Impex

The J.C. Group of Companies started in 1960 and since its inception it has been recognized in the industrial and manufacturing sector of Kolkata. Today, the group has five thriving businesses under its banner. J.C. International Ltd. (JCIL) began operations in the year 1990 and is producing leather handbags, wallets and accessories for the biggest fashion brands in the world. In 2010, it started producing safety footwear with an output of 60,000 pairs per month.

The biggest advantage of JCIL is its own leather tannery, Indian Tanning Industries P Ltd (ITIPL) which was established in 1980. It was awarded Silver Rating by Leather Working Group (LWG) in 2017. It is the largest tannery in the eastern region producing 1.5 million sqft per month. The well-equipped modern tannery enables JCIL to supply to its leather handbags, wallets and accessories at a low cost. The tannery offers both Indian as well as imported origins of cow, buffalo, sheep and goat finished leather for upholstery, shoes, garments, goods, belts and other kinds of accessories. The leather tannery is equipped with the latest state-of-the-art machinery and quality check is maintained at every stage of production from Raw to Finish.

Research & Development is the backbone of the organization. Italian technicians are hired on a regular basis to conduct trials and develop new leathers. The tannery works closely with JCIL and other chemical companies to develop new leathers. The design team at the tannery is headed by a French national who ensures JC, is in touch with the latest fads and fashions. JCIL also has design and development tie ups with Tucano Srl in Italy and FLS in the UK.

**Leather Accessories**

JCIL, has been awarded SA 8000 compliance by SGS. It has the infrastructure and team to execute and handle volume orders. It is currently manufacturing at two sites one in Kolkata city and the other on the outskirts of the city. Both the sites have undergone a number of social and security audits. In addition to SA8000, we are registered with SEDEX and have the SMETA audit in place. The factory is also CTPAT compliant. The capacity is 25,000 bags and travel goods per month along with 60,000 small leather goods and wallets.

JC is currently working with Macys, JCPenney, Kohls, Ellie Tahari, Kenneth Cole, Costco, Marshalls/Winners/TJMaxx, Harley Davidson and Navali in the US. Barbour, Hush, Fat Face, TKMaxx, Asos, QVC, Topshop and John Lewis, in the UK, Galeries Lafayette, Promod, Texier and Loxwood in France. Mango and El Corte Ingles in Spain, and Aldi in Australia. JC’s tannery division currently produces leather for Marks & Spencer, Debenhams, Clarks, Bata, Hugo Boss, etc. ITIPL is recommended by Inditex and H&M Group as a tannery to its factories.

Raadhika Shoecrafts Private Limited (RSPL) is a premium footwear manufacturer based in the southern Indian city of Chennai. Our business is focused on providing our branded customers with high quality leather footwear that reflects our commitment to high quality standards, fine craftsmanship, and design innovation. At Raadhika we are able to effortlessly combine our knowledge of traditional European shoemaking with modern design and footwear production technology to deliver a product that meets all our customers’ expectations.

Key strengths: High quality product at competitive prices: We produce footwear with a variety of constructions. We are specialists in cemented and Goodyear welted shoes although we routinely make hand stitched moccasins, strobel and Bologna constructions for both women and men. We are skilled in hand finishing our shoes. In terms of pricing, our women's cemented shoes range from Euro 20 to 26, cemented ankle boots range from € 22 to € 30 while our cemented knee boots range from € 28 to € 45. Our men's cemented shoes range from € 22 to € 28; cemented ankle boots from € 25 to € 35 and men's Goodyear welted shoes from € 32 to € 45.

Product Engineering Department: We have a team of skilled product engineers and designers who develop patterns using the latest CAD technology.

Modern machinery: Our factory is equipped with German, British and Italian machines and regularly upgraded. We also have an in-house sole plant equipped with Italian technology.

Skilled workforce and production team: Most of our 500 workers have been employed for 5 to 10 years and a majority of our workforce are women. Our present production capacity is 24,000 pairs of cemented shoes and 7,200 pairs of Goodyear welted shoes per month, with scope to increase production based on customer requirements.

Leathers: We have strong relationships with tanneries for several years. We develop high quality upper and lining leathers. These include burnishable full-grain French calf; Spanish bull pull-up; Cow natural milled leathers; cow softy in metallic and non-metallic colors; cow patent leather; cow smooth and brush-off leather; sheep nappa in metallic and non-metallic colors; and printed goat leather among others. For many of our branded customers we also source leathers from France, Italy, Spain, Turkey and Argentina.

Adherence to international social audit standards: We are committed to protecting the health, safety and fundamental rights of staff and workers. We stringently follow internal workplace policies that enforce zero tolerance towards child labor, abuse or harassment and discrimination. We comply with all with local labor, employment, health and hygiene, safety, and environmental laws. Additionally we also maintain compliance with external social audit requirements of our customers.

We sell all across the globe with our main markets being Germany, Sweden, Austria, Holland, Spain, UK and USA.

Some of our existing clients are: Radley London, Ekster Wallets, Saddler, Strellson, Joop!, Oliver Sweeney, O My Bag Amsterdam, Hackett London.

FACTS:
• We are a SA 8000 audited company.
• All of our production is done in-house with leather sourced both from tanneries in Kolkata as well as in Italy
• Star export house recognised by the government of India.
• All the hardware that we use is sourced from both Hong Kong and China, which passes the stringent quality standards required by most countries across the globe.
• 15% of our total production is done using Eco / 100% vegetable tanned leather.
• 70-80% of the leather that we purchase, is purchased from an LWG certified Silver rated tannery.
• We promote women employment in our factory, with providing jobs to as many women as possible.
The Source, is engaged in servicing factories producing leather garments, shoes and accessories around the world since 30 years. Committed to identifying customer's needs and fulfilling them and striving to always exceed customer's expectations is our strength.

One of our core products is our Goat suede and Lamb suede, the finest raw material tanned and dyed and silky nap is produced with optimum buffing techniques.

We offer Sheep Drum Dyed, Aniline, Semi Aniline finishes and Nubuck.

We produce custom made articles out of lambskins of Indian and Middle Eastern origins, we segregate the raw material depending on the article and fine tune the article and use the appropriate raw material that would suit the article. Bearing in mind the finished product the leather is intended for and the size and grain requirements of the customer, our quality control begins from selecting the raw material and we ensure the same stringent standards are maintained down the line until the skins are inspected, measured and packed for shipment.

Our keen eye for quality and colour and discerning sense of quality perception has helped us attain and sustain the high levels of quality control and customer satisfaction we have achieved over these 30 years.

We have exported our leathers to South Korea, China, HongKong, Taiwan, Vietnam, U.S.A, Canada, Poland and Srilanka.

We are looking forward to service factories in China with the best finished leathers crafted to suit their needs and build a long term mutually beneficial relationship.
