MESSAGE

I am happy to note that the Council for Leather Exports (CLE) is organizing the National Export Excellence Award Distribution Ceremony for 2019-20 and 2020-21 in New Delhi on November 17, 2021. Under the visionary leadership of Hon'ble Prime Minister Shri Narendra Modi, our economy has bounced back and is on a high growth trajectory. The changing dynamics of international trade has opened a window of opportunity for our export sector, which is reflected in our huge growth in exports this year.

The leather, leather products and footwear industry in the country is a major foreign exchange earner and provides employment to a large number of people with a high concentration of women workforce. The sector has achieved the reputation of being a supplier of high quality products in the global market. I am sure that the leather sector will continue to play a vital role in our export growth in the coming years.

I appreciate the CLE Export Award Winners for bringing laurels to the country through their excellent export performance, market penetration and for their initiatives in brand promotion. I am sure that the CLE National Export Award winners will motivate all the entrepreneurs in the sector to achieve more. I extend my best wishes for this initiative, which will pave the way for overall growth and development of the sector in the coming years.

MESSAGE

The leather industry in the country has the reputation of effectively combining its traditional strengths of huge raw material base and manpower availability with application of modern production technologies and has become a leading exporter of value added products.

It is heartening to note that the leather sector in the country has made significant investments in thrust areas like capacity modernization & technological upgradation, skill development, development of common infrastructure etc., which will help in scaling-up our production and exports in the coming years. The Government of India has been providing significant support to the leather sector to achieve sustainable growth, through various schemes, including the Indian Footwear, Leather & Accessories Development Programme (IFLADP), infrastructure support under TIES scheme etc. I am sure that with the concerted efforts of the entrepreneurs, the leather sector will be able to achieve more milestones in the coming years.

I am happy that the Council for Leather Exports (CLE) is encouraging the top achievers in the export sector by presenting the National Export Excellence Awards for the years 2019 – 20 and 2020-21 in New Delhi on November 17, 2021. I congratulate the award winners for their strenuous efforts in achieving success in the highly competitive global market. I urge them to strive for higher export growth levels in the coming years and keep our flag flying high.

I extend my best wishes to all the stakeholders in the leather sector for achieving success in all their endeavors for overall growth and development.

CHAIRMAN

Dear Members,

Being one of the major foreign exchange earners and also a large employer of weaker sections of the society and women, the Indian leather, leather products and footwear sector has made immense contribution to the socio-economic growth of the country.

With our concerted efforts and active support of the Government, we have achieved many milestones in the past. The efforts of individual exporters and the catalyzing role played by the institutions have made us a leading and reputed exporter of value added products.

However, the time is now ripe for making a giant leap in exports, for which we need to ensure optimum utilization of our potential as well as tap the emerging market opportunities. We need to keep pace with the ever changing requirements of the market through adoption of innovative technologies and by venturing into product diversification. I am sure that we will achieve more milestones in the coming years.

I congratulate all the CLE award winners for their strenuous efforts and achievements and wish them success in all their endeavours.

Sanjay Leekha Chairman COUNCIL FOR LEATHER EXPORTS

VICE - CHAIRMAN

Dear Members,

Transformation is an inevitable thing in life and is a key for success in the highly competitive international trade. The world leaders in the leather industry today are the ones who vigorously adopted the path of transformation through their farsighted vision and concerted action plans.

The Indian leather industry too has a rich history of transformation. Since Independence, we have transformed from an exporter of raw materials to a leading supplier of value added products. We have created world class production facilities as well as Institutions, which have contributed to our immense growth. We have successfully faced the challenges whether it is the global economic crisis in 2009/10 or the adverse impact caused by the COVID 19 Pandemic. The Pandemic has changed the way international trade is being done all these years. Traditional exhibitions have given way to virtual meets atleast for time being and e-commerce trade platforms are gaining increasing prominence. Delivery times have shortened and product preferences have changed. Even while meeting the logistic challenges posed by the Pandemic, we need to enhance our price competitiveness as well to enhance our share in the global market.

I must congratulate and appreciate our award winners for their feat, braving and overcoming the challenges. I wish them all success in future too.

I take this opportunity to thank the "Export Award Sub – Committee" members comprising Dr.K. Shanmugasundaram, Zonal Addl. DGFT, Chennai ; Dr. K.J.Sreeram, Director, Central Leather Research Institute and Shri R. Selvam, Executive Director, CLE for sparing their valuable time and selecting the award winners.

EXECUTIVE DIRECTOR

Dear Members,

Despite all uncertainties and challenges, international trade has its own unique advantages, as it not only provides higher unit value realization for the products but also gives an opportunity to the exporters to promote their image and that of our country.

The Council for Leather Exports (CLE) is proud to honour the exporters by presenting export awards every year as they have brought laurels not only to the industry but also to the country, through their tireless efforts,.

Due to the Pandemic, the CLE export award function could not be held last year and hence the CLE Export Excellence awards are being presented this year for two years i.e. 2019-20 and 2020-21. I would like to congratulate all award winners for their achievements. The valuable contribution and concerted efforts of all the export award winners as well as each and every exporter in the leather, leather products and footwear sectors is extremely important to reach higher export growth levels in the coming years.

There is a saying "The best way to predict the future is to invent it". The future is bright for the leather and footwear industry and let us achieve more milestones in the coming years by adopting innovation in all fields, whether it is processing, production or marketing.

With best wishes

R. Selvam Executive Director Council for Leather Exports
