

## CHAIRMAN MESSAGE

It is indeed my pleasure to announce that Council for Leather Exports (CLE), is organizing group participation of member-companies in the APLF-Leather and Fashion Access Fair, Dubai to be held during 30th March to 1st April, 2022. 67 manufacturer-exporters of finished leather, materials, footwear, leather garments, leather goods and accessories from different parts of India will be displaying their latest range of products under 'CLE India Pavilion' in the fair.

India is the 2nd largest consumer of footwear with an annual consumption of about 2.6 billion pairs. Likewise, India is the 2nd largest producer of footwear. The Indian Leather industry is bestowed with an affluence of raw materials as India is endowed with 21% of world cattle & buffalo and 11% of world goat & sheep population. Added to this are the strengths of skilled manpower, innovative technology, increasing industry compliance to international environmental standards, and the dedicated support of the allied industries.

The primary objective of CLE's participation in this fair is to promote the brand image of Indian footwear and leather industry among the visiting buyers @ APLF event thereby establishing direct linkages between Indian manufacturers of Finished Leather, Footwear and leather products and overseas customers of such products.

I take this opportunity to thank the Ministry of Commerce & Industry, Government of India for extending MAI support to CLE for organizing participation of our members in this fair.

I am confident that this event will bring the business communities from India, Middle East and other parts of the world more close for a long-term profitable partnership.

With best wishes,

Sanjay Leekha  
Chairman

COUNCIL FOR LEATHER EXPORTS

**ED's MESSAGE**

I am happy to note that Council for Leather Exports (CLE) is organizing group participation of 67 member-companies of footwear, finished leather, leather garments, leather goods and accessories from various parts of India in the APLF-Leather and Fashion Access Fairs to be held during 30th March to 1st April, 2022 at Dubai World Trade Centre, UAE.

CLE is organizing participation of members in this fair with the funding assistance of Government of India under MAI Scheme.

The leather, leather products and footwear sector in India is not only a major foreign exchange earner for the country but also a major labour oriented sector. The sector is also known for its high concentration of women employment, with women constituting 40 % of the work force.

Indian leather sector has achieved several milestones. India is the 2nd largest producer of footwear, second largest exporter of leather garments, third largest exporter of Saddlery & Harness and 5th largest exporter of leather goods in the world. As per 2019-20 statistics, the sector has a turnover of USD 17.07 billion, with exports constituting USD 5.07 billion and domestic market constituting USD 12 billion. The sector has made significant investments in the last two decades in scaling-up production.

I invite all the buyers and business visitors to visit 'CLE India Pavilion' at APLF event and join hands with our Industry for mutually beneficial trade relations.

I wish all our member participants to have a fruitful participation in this Show.

With best wishes,

R. Selvam, IAS  
Executive Director  
Council for Leather Exports
